Stephanie Hauser
Lawyer, Miami

"I joined Kobre & Kim because I wanted to work on high-stakes matters involving cutting-edge legal issues while having the opportunity to work directly with clients, develop case strategy, and take a leadership role in cases. At Kobre & Kim, associates are not just encouraged to take on these roles, they are expected to."

"The Analyst Program at Kobre & Kim has provided me with exactly the broad-based experience in financial litigation I sought in joining the firm. During my time as an Analyst, I've had the opportunity to work on such a diversity of matters from cross-border insolvencies in offshore Caribbean jurisdictions to complex commodities fraud cases in federal district courts. I feel more informed about, and excited by, my decision to attend law school and pursue a career as a litigator."
