## Kobre & Kim Expands in Latin America with New Regional Managing Director in São Paulo, Brazil

**Continuing its expansion in Latin America, Kobre & Kim has appointed Renata Ramalhosa as Regional Managing Director in São Paulo. In her role, Renata will strengthen and grow relationships with local law firms, strategic advisors, key regional stakeholders, and international clients with interests in Brazil.**

As part of its continued growth in Latin America, Kobre & Kim has appointed Renata Ramalhosa as Regional Managing Director, based in São Paulo. Renata will expand and enhance relationships with local law firms, strategic advisors, key regional stakeholders, and clients outside of Brazil with Brazilian interests.

Bringing nearly two decades of cross-border trade and investment experience, Renata has held leadership roles in both the private and public sectors. Her deep understanding of international business dynamics positions her well to help clients navigate complex disputes in an increasingly interconnected Brazil.

As the only global law firm in São Paulo focused exclusively on disputes and investigations, Kobre & Kim is uniquely positioned to assist clients with cross-border litigation, international asset recovery, government investigations, and insolvency matters. With a dedicated team in Brazil and extensive global resources, the firm continues helping clients tackle high-stakes disputes with a strategic, cross-border approach.

Chief Strategy Officer Gary Singer noted, *"We are uniquely able to serve clients' cross-jurisdictional needs from both inside and outside of Brazil and look forward to Renata's addition to our considerable existing resources in the region."*

The announcement was covered by Law.com and Law360. Read the full articles [here](#) and [here](#).

**About Kobre & Kim**

Kobre & Kim is a global law firm focusing on cross-border disputes and investigations, often involving fraud and misconduct. Our capabilities include:

- We help clients with interests in Brazil through our team in São Paulo, which routinely acts in complex, cross-border disputes, including asset recovery campaigns.
- Our team of offshore-based attorneys and former government prosecutors has deep experience tracing, freezing, and recovering misappropriated assets hidden in cross-border and offshore structures.
- Our deep experience coordinating claim enforcement and monetization strategies across jurisdictions, often involving assets and adversaries in Brazil and other Latin American countries, with enforcement lawyers across key offshore financial centers, South America, Asia, EMEA, and the U.S.
