Michael Kim and Robin Baik Tackle Cross-Border Legal Issues

November 18, 2016

Publication: ***Global Investigations Review***

In the law and practice of international investigations section of the Global Investigation Review, Michael Kim and Robin Baik discuss legal issues arising in cross-border investigations and regulatory enforcement matters in Korea. The article, written collaboratively with Yoon & Yang, examines the investigatory powers of the regulatory authorities, the standard phases and elements of an investigation, and remedies the Financial Services Commission and the Securities and Futures Commission may consider.
