Kobre & Kim has been chosen as the International Law Firm of the Week by Robus, a consulting firm that focuses on the Israel legal market.

Robus referred to the firm's focus on disputes and investigations and complimented the firm as "one of the most interesting international law firms operating in Israel today." Some unique features of Kobre & Kim's presence in Israel were also highlighted, including the firm's status as the only law firm in Israel with a former U.S. Department of Justice prosecutor; its integration with Israel's only cross-border intellectual property litigation fund; and its global reach and deep bench of lawyers experienced in cross-border litigation.
