Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim Listed Among Top 10 Firms to Watch in Asia

March 2, 2015

Publication: ***Asian Legal Business***

Asian Legal Business (ALB), one of Asia's most prominent legal publications, featured Kobre & Kim as one of the top 10 law firms to watch in Asia in 2015, which are smaller in size in the region but "big in potential."

ALB highlighted the firm's remarkable expansion of its Asia-based team during the past year, including welcoming Randall Arthur leading the firm's Bankruptcy & Debtor-Creditor Disputes and International Judgment Enforcement & Offshore Asset Recovery practices. In addition, the team was joined by former U.S. prosecutor Vasu Muthyala in 2015 who bolsters the firm's Government Enforcement Defense team in Asia. *ALB* also emphasized the firm's conflict-free model and aggressive advocacy, as well as its unique focus on cross-border matters.
