Publication: ***The Global Arbitration Review***

Kobre & Kim was ranked as one of the most highly regarded judgment enforcement/asset recovery firms in the world by the publishers of the Global Arbitration Review. In addition to the firm’s ranking, several of the firm’s lawyers were also recognized as outstanding practitioners in the field.

Firm co-founder Michael S. Kim received particular mention as one of the most highly regarded individuals in the field worldwide. Additionally, British Virgin Islands-based Tim Prudhoe won praise for his “sophisticated handling of asset recovery matters,” and Washington DC’s Andrew C. Lourie was recognized for his exceptional work in asset recovery.

Kobre & Kim’s International Judgment Enforcement practice is the only one of its kind able to deliver, in one team, the full spectrum of expertise in global asset recovery matters. The firm leverages the expertise of English Queen’s Counsel, barristers and solicitors, offshore lawyers, and U.S. trial lawyers (including former federal prosecutors) with on the ground resources based in the U.S., Europe, Asia, and key offshore locations.
