Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim Ranked “Highly Recommended” for International Investigations by Benchmark Litigation

July 31, 2013

Publication: ***Benchmark Litigation***

Kobre & Kim continues to receive accolades for its Asia practice, this time in *Benchmark Litigation's* Asia-Pacific rankings. The firm, which has been previously praised by the publication for its U.S. practice, was ranked as “Highly Recommended” in International Anti-Corruption Investigations for the Asia-Pacific region.

Additionally, the publication ranked William McGovern as a “Litigation Star” for International Anti-Corruption Investigations in the Asia-Pacific region and as a “Local Dispute Star” for Hong Kong in the practice areas of General Commercial, Regulatory Investigations, and White-Collar Crime.

This year marks *Benchmark Asia-Pacific's* inaugural publication in which it ranks firms and litigation stars in 10 Asia-Pacific countries, including Hong Kong. The publication dispatched an on-the-ground team to compile the individual and firm rankings after months of research and interviews with firms, covering casework, litigation trends, and peer review.
