Publication: ***Benchmark Litigation***

This year, in addition to being ranked as a “Highly Recommended” firm for the New York Plaintiff category, *Benchmark Litigation* has also recognized Kobre & Kim as a New York-wide “Recommended” firm and as a Tier 2 firm in International Arbitration for the U.S.-wide category.

Benchmark Litigation touts the firm as “truly unique. Not only is the firm focused strictly on litigation, arbitration, and investigations, but it also possesses unique aspects that, peers insist, ‘don’t exist at any other firms.’”

The publication also received client feedback regarding the firm remarking that “[o]ne of the surprising facts about working with Kobre & Kim is that although they had significant staff in multiple jurisdictions, we felt that we were receiving a personal commitment and attention from all of their attorneys.”

Co-founder Michael S. Kim was also recognized as a “Litigation Star” for New York, described as “a brilliant strategist and creative thinker” and “an exceptional leader, especially in cases involving multi-jurisdictional issues ... at any given time, Michael ... coordinated legal proceedings in three or four jurisdictions all working together to achieve our objective.”
