Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim Makes Top 5 in Am Law 2020 Diversity Scorecard

May 28, 2020

Publication: ***The American Lawyer***

Kobre & Kim is proud to announce its ranking of #5 in *The American Lawyer's* 2020 Diversity Scorecard, marking the first time the firm has ever made it to the top five.

Diversity has been a priority at Kobre & Kim since its founding. Its innovative products and services, as well as its focus on international litigation, both rely on an exchange of ideas among teams with different backgrounds and perspectives.

The Diversity Scorecard evaluates the percentage of attorneys of color at Am Law 200 and National Law Journal 250 law firms in 2019. A score is produced by adding the percentage of all U.S. attorneys of color to the percentage of all U.S. partners of color.
