Michael Ng Honored as Top IP Strategist in Latest IAM Strategy 300

September 7, 2021

Publication: ***IAM***

Kobre & Kim's Michael Ng was recognized among the top intellectual property (IP) strategists around the world in the latest IAM Strategy 300, which follows his listing among the *IAM Patent 1000* earlier this year.

The IAM Strategy 300 "identifies individuals who are leading the way in the development and implementation of strategies that maximize the value of IP portfolios." Individuals are named after being nominated and shown to have "exceptional skill sets" after an extensive research process.

This award comes off the back of Mr. Ng and Kobre & Kim's recognition in the 2021 IAM Patent 1000, which placed the firm among the top U.S. California litigation firms, citing how its lawyers "go up against the biggest firms and win substantial cases with lean teams." Ng and Daniel Zaheer were both individually ranked as top litigators as well, and Israel-based Michael Rosen as a recommended expert in Israel.
