

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **Adriana Riviere-Badell Joins Family Governance and Disputes Panel at ALM's Private Client Forum Americas 2025**

March 10, 2025

Publication: **ALM**

With an unprecedented shift in wealth between generations underway, families are facing increasing challenges in navigating governance, succession, and potential disputes. To explore the complexities of this transition, **Adriana Riviere-Badell** will be speaking at the Private Client Forum Americas 2025 on March 12, 2025, joining the panel "Father and Son - Family Governance and Disputes: Intergenerational Wealth Transfer."

This session will examine the key issues that create schisms between family members, the factors that escalate these differences into full-blown disputes, and how proactive governance structures can help prevent them. Private Client Forum Americas unites the most senior and elite advisors to HNWIs and UHNWIs to discuss the most timely and concerning issues across the Americas, with an outlook on the rest of the world.
