

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **Ben Sauter Examines Blockchain Issues at #FinTech2017**

May 3, 2017

Ben Sauter addressed digital currency and blockchain development issues at the #FinTech2017 conference May 3 in Vancouver, British Columbia. The panel, titled “Advanced Legal and Practical Issues with Blockchain,” focused on lessons learned from the U.S. Department of Justice and Internal Revenue Service offshore compliance initiative and how to apply it in the virtual currency world.
