

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **Benjamin Sauter Explores Regulatory Developments Across the Digital Currency Landscape**

April 18, 2018

Benjamin Sauter will lead a discussion on the rapidly evolving blockchain technology and digital currency landscape at the American Bar Association's 2018 Blockchain Technology, Digital Currency and ICO National Institute. The panel will examine regulatory developments, the current state of the law and emerging legal issues concerning digital currencies, blockchain technology and initial coin offerings. Speakers will also provide insight into global regulatory efforts and how law enforcement and regulators are approaching digital currencies.
