Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Calvin Koo to Moderate ALB Panel on Risk Management for Asian Businesses in a Post-Pandemic World

August 31, 2021

The past eighteen months have seen increasing risks for businesses in Asia as the pandemic and geopolitical shifts have swept the world. As part of the invite-only ALB Hong Kong In-House Legal Summit 2021, Kobre & Kim's Calvin Koo will moderate a panel on how businesses can manage these cross-border risks at the Grand Hyatt Hong Kong on September 7, 2021.

During the panel, "Managing Cross-Border Enforcement Risks and Investigations – Recalibrating for a Post COVID-19 World," Mr. Koo will lead a discussion on topics including risk management lessons from the pandemic, such as how disrupted business, remote work and staff reductions affected compliance; major compliance guidance and enforcement cases in 2020 and 2021; the impact of sanctions on cross-border enforcement; and what to watch for in 2022.

The panel will feature Jane Yin, managing director and head of legal and compliance at Fosun Hani Securities Limited; Shaun Ansell, head of legal and compliance, Asia Pacific, at GPB Financial Services (part of Gazprombank); and Steven Yeo, general counsel, Asia, at Manulife.
