Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Daniel Zaheer and Michael Rosen Discuss Strategies for Navigating Patent Litigation at AUTM Annual Meeting

February 14, 2018

On February 18, Daniel Zaheer and Michael Rosen will share strategies for navigating changes in the patent litigation landscape at the Association of University Technology Managers 2018 Annual Meeting in Phoenix, Arizona. The panel, titled “Lessons for Technology Managers from the Front Lines of Litigation,” will focus on the patent law’s evolving areas, including sovereign immunity, patent eligibility and the validity of *inter partes* review.
