Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Evelyn Sheehan on New Lessons in Handling Crypto Disputes in C5 Session

June 14, 2023

The field of fraud and asset recovery in the high-tech world of blockchain and cryptocurrency evolves every day, especially affecting the standard suite of relief for fraud victims. Kobre & Kim's Evelyn Sheehan, who focuses on global asset tracing investigations and recovery efforts, explored what's new in crypto fraud and asset tracing during the C5 Crypto and Digital Asset Fraud & Recovery conference in London on June 13, 2023.

The session, "Unpacking the Knowns and Unknowns of Handling Crypto Disputes: The Newest Lessons Learned for Practitioners – and What it Takes to Recover for Your Client," explored a variety of issues central to crypto disputes.

Ms. Sheehan was joined by Sophie Eyre of Bird & Bird LLP, Dani Haston of Chainalysis, Inc. and Richard Weber of Winston & Strawn LLP.
