Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Jason Kang Spoke at IP Link Forum on Cross-Border Litigation and Response Strategies

September 8, 2026

Kobre & Kim's Jason Kang spoke at the IP Link Practical Forum: The 3rd Annual Conference on Trade Secret Management and Protection, which took place September 3-4 in Shenzhen.

The forum brought together legal practitioners, in-house counsel, and industry professionals to discuss developments in trade secret protection, judicial practice, litigation strategy, and enforcement trends.

Jason participated in the session, "Practical Strategies for Cross-Border Litigation, Enforcement, and Defense." Drawing on his experience in cross-border disputes and enforcement matters, he discussed practical considerations in cross-border trade secret litigation, including evidence collection, jurisdictional challenges, enforcement planning, and asset protection.

More information about the conference is available [here](#).
