John Han Shares Insights into Greater China Debt Market at ALB Hong Kong and Greater China Debt & Restructuring Forum 2021

May 5, 2021

A wave of debt restructuring and insolvencies is expected to come in the aftermath of the global economic downturn. At the same time, there has been a rise in non-performing loans, distressed debt and government regulation in Greater China. Kobre & Kim's John Han will share his insights into these opportunities in the ALB Hong Kong and Greater China Debt & Restructuring Forum 2021 on May 27, 9:00 am to 1:00 pm Hong Kong time at the Renaissance Hong Kong Harbour View Hotel.

Speaking on the "Asia's Credit Market Outlook – Seizing Opportunities" panel, Mr. Han will contribute to a conversation that will touch on key topics such as opportunities in Asia's non-performing loan and distressed debt market; China's debt market regulatory and legal governance; domestic and cross-border debt restructuring; and offshore creditor and investor interests in onshore insolvencies.

Sponsored by Kobre & Kim, the event will also feature Jeremy Lightfoot, Henry Tucker from Carey Olsen, Alexander Shaik from ADM Capital, Ben Zhu from Muzinich & Co, Kurkye Wong from Argyle Street Management, and Vaibhav Chadha from Cantor Fitzgerald.
