

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **John Han Shares Expert Insights on Private Credit Enforcement in 9fin Webinar**

April 1, 2026

Publication: **9fin**

Kobre & Kim's John Han recently joined a panel discussion hosted by 9fin and Kobre & Kim titled "*Past the Turning Point: Enforcing Defaulted Private Credit Loans Onshore and Offshore.*"

During the session, John shared his perspectives on creditor-side enforcement strategies in complex cross-border scenarios, with a focus on navigating arbitration clauses, offshore holding structures, and multi-jurisdictional asset recovery. As private credit markets continue to mature and defaults increase, the panel explored practical approaches for creditors seeking to enforce claims and maximize recoveries across jurisdictions.

The discussion brought together leading practitioners from across the private credit space to examine how investors can address enforcement challenges and protect their positions in an increasingly global and complex market.
