

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **Kobre & Kim and ACC Israel to Host Webinar on Global Enforcement and Monetization of Judgments and Awards**

December 22, 2025

Join Kobre & Kim and ACC Israel for a webinar on Global Enforcement of Judgments and Awards, taking place on Monday, 5 January, from 4:00–5:00 PM (IST).

This session will explore strategies for the cross-border enforcement and monetization of court judgments and arbitration awards in scenarios requiring asset recovery beyond Israel's borders. Udi Karklinsky, Timothy de Swardt, Michael Brasky, and Henry Cheung will share practical tips about dos and don'ts in preparing for judgment enforcement, and will lead a simulation examining how a global judgment enforcement campaign plays out in practice.

While tailored to the Israeli audience, the issues and approaches discussed will be relevant to anyone navigating global enforcement and asset recovery challenges.
