Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kunhee Cho Discusses Cross-Border Judgment Enforcement at the IAKL European Conference in Austria

March 20, 2019

Kobre & Kim's Kunhee Cho brings his experience in international judgment enforcement to discuss key steps to mounting a successful global asset recovery project at the 9th IAKL European Conference on March 22 in Vienna, Austria.

At the conference, Mr. Cho will speak on a panel of fellow specialists, where he will provide insight on issues that may arise throughout the enforcement process – from asset searching and freezing to strategic considerations when direct seizure is ineffective. He will also explore various case examples to convey the necessity of a targeted enforcement-stage strategy in global enforcement scenarios.
