Lara Levinson and Calvin Koo on the Intersection of Anti-Money Laundering and Digital Assets

November 22, 2021

How will government enforcement regulations keep up with the rapid evolution of digital assets? Kobre & Kim's Lara Levinson and Calvin Koo, who focus on enforcement and tracing of digital assets, will discuss the potential intersection of anti-money laundering (AML), cryptocurrencies and non-fungible tokens (NFTs) at the AML/CTF Annual Summit Philippines, at 2:45 pm Manila time / 6:45 am London time on Friday, November 26.

The virtual session, "AML's Potential Intersection with Cryptocurrency and NFTs: Digital Asset Tracing and Recovery," will feature Ms. Levinson and Mr. Koo in conversation about the considerations of lawyers, regulatory agencies and courts alike in cryptocurrency-related disputes and investigations.
