

News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Matthew Boucher, Benjamin Sirota and Hartley West Host ABA Webinar on Criminal Antitrust

March 27, 2020

Kobre & Kim's Matthew Boucher, Benjamin Sirota and Hartley West will be hosting a Zoom teleconference with the American Bar Association to discuss trends in the criminal antitrust space on April 2, 12pm EDT.

The seminar, entitled "Bi-Monthly Criminal Antitrust Update," will touch on case and policy developments in this area over the past two months. First, our speakers will examine U.S.-based case and investigation developments, before moving onto Department of Justice policy initiatives. Boucher, Sirota and West will then look at cartel developments abroad, before finally looking at how COVID-19 has impacted cartel enforcement specifically and antitrust enforcement more generally around the world.
