Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Michael Kim Discusses Entrepreneurship and the Evolution of Kobre & Kim

September 29, 2017

Co-founder Michael S. Kim shared his thoughts on entrepreneurship and what drove him to establish Kobre & Kim on October 5 at an event hosted by the Berkeley Korea Law Center in Berkeley, California. He explored the business of law, the challenges and rewards of operating a global law firm, and how he and co-founder Steven Kobre ensure the firm stays ahead in an increasingly competitive market.

Mr. Kim is the only former U.S. Department of Justice prosecutor based in Korea and serves as counsel in high-stakes financial disputes, with a particular focus on international enforcement of judgments and arbitration awards, as well as on cross-border government enforcement defense and investigation matters.
