

## News

Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

### **Nathan Park Analyzes Cryptocurrency Regulation in Korea**

September 14, 2018

Nathan Park will moderate the panel “International Regulation of Cryptocurrency in Korea” at the International Association of Korean Lawyers Annual Conference on September 14. The panel will focus on the digital currency market in Korea, the legal and regulatory challenges faced in the region and key issues to consider in international business litigation involving cryptocurrencies.
