Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Robin Baik Presents on Aggressive Litigation Tactics Applicable to Complex Global Disputes

June 30, 2023

Kobre & Kim's Robin Baik spoke at an event co-hosted by the Korean Ministry of Trade, Industry and Energy and the Korean Commercial Arbitration Board on June 28, 2023. His presentation addressed the status quo of complex global disputes and aggressive litigation tactics applicable to such disputes, with particular emphasis on offensive investigation.

Mr. Baik's presentation shed light on the distinctive features of various types of litigation and legal systems to be considered when implementing these strategies, including examples from Kobre & Kim's extensive expertise on employing aggressive litigation tactics as reference.
