Many of our engagements involve matters in which our clients face significant public attention. The following is a list of news stories about the firm, our clients, cases and the results we have achieved.

Kobre & Kim Lawyers Part of Inaugural Class of Brazil-U.S. 40 and Under White-Collar Lawyers Initiative

May 14, 2021

Kobre & Kim is proud to have five of our lawyers, Benjamin Sirota, Martin De Luca, Carolina Leung, Melisa Ortes Gonzalez and Scott Nielson, as members of the inaugural class of the Brazil-U.S. 40 and Under White-Collar Lawyers Initiative.

They are among the group of 170 Brazilian and U.S. attorneys who first joined the initiative, comprising some of the best and most renowned white-collar attorneys in both the U.S. and Brazil who are focused on cross-border government investigations, compliance issues and other related areas. The group is formed to share ideas and experiences, report on current trends and develop a network in the field.
