Noam Katz, under the supervision of the firm's lawyers, provides support on matters involving government enforcement defense, with a focus on those involving allegations of fraud and digital assets. She is certified by Chainalysis in blockchain analytics.

Her recent matters include assisting with the representation of a former officer of a financial technology company in U.S. district court against charges of alleged securities fraud. She has also assisted in representations of companies and trading firms investigated by the U.S. Department of Justice, Securities and Exchange Commission and Commodity Futures Trading Commission.

Ms. Katz is certified in blockchain analytics, enabling her to leverage digital asset tracing for use in both offensive and defensive actions.

Ms. Katz received her BA from Yale University.
